### CLUBS

#### Studio 20

Studio 20 is a multimedia student-run design club. We work with clients both on campus and in our community creating things such as websites, posters, flyers, logos, and social media content. All services are free of charge. I worked on many projects including designing for the American Cancer Society and project lead for a website redesign for Friends of Camp Louise.

#### Zebra Communications

Student-run pre-professional public relations agency based at Wilkes University. We enhance businesses and organizations of northeastern Pennsylvania through event planning, marketing initiatives and other public relation means. We as a club offer unparalleled creative solutions to all of our clients, and are determined to see every job through to its success. I helped to redesign their website.

### ABOUT ME

Hello I'm Shawn Stone, I am a graphic designer who enjoys web, brand, and graphic design. My true passion is game design and UI/UX. I like to get feedback from my colleagues and peers on my work. I enjoy taking on new challenges like learning new software and tools to expand my skillset. I'm driven on each and every project so it can be as successful as it can be.

### EDUCATION

#### Wilkes University 2022, Wilkes Barre, PA

Bachelor of Arts Digital Design and Media Arts

Minor in Game & Emergent Technologies

GPA: 3.13 | Deans list 3 semesters

Awarded the Sidney and Pauline Friedman Scholarship 2021-2022

### EXPERIENCE

#### Wilkes University Integrative Media and Art

Department, Work Study Manager — Wilkes Barre PA

August 2021 - PRESENT

As lead, created and monitored the schedule for all lab work study employees. Oversaw the storage and signout system for valuable department equipment (cameras, lighting equipment, etc.). Represented the department at admissions open houses and presentations.

#### Turtleboyproductions, Web Design Intern — Remote

June 2021 - August 2021

Worked as an intern at Turtleboyproductions, worked on several large-scale web projects, such as a redesign for the publishing house website Etruscanpress.org. This provided a great deal of experience in Wordpress as a customizable site-builder, as well as the transfer of content from the old site design to the new, and adjust formats to accommodate the new design style.

#### Wilkes University Grants Office, Work Study Assistant — Wilkes-Barre PA

August 2017 - Spring 2019

Completed general office tasks, such as scanning, filing, and data entry. Assisted with various tasks when needed.
